## VOLUNTEER PROGRAMS

Find The Children welcomes volunteers as they are an invaluable asset in our search for missing children. **Did you know one out of seven missing children is found as a result of photo recovery?** Our volunteers assist our cause by disseminating information about missing children and helping out at special events as needs arise.

### **Photo-flier distribution – one in seven missing children is found through photo recognition!**

Each month, we send each of our volunteers a packet containing three to six fliers, each of a different missing child. Our volunteers then make as many copies as they are able, and post them throughout their communities. We ask that when posting fliers, our volunteers do not post them in general public view (i.e. store windows, telephone poles). Instead, volunteers are asked to post them in places where only the employees/members of that business/organization can view them. There have been cases in which an abductor fled to a different city because he/she saw his/her own photo or the child's photo displayed in public. Volunteers are to always ask permission of a manager/owner before posting a flier in their place of business.

### **Community events:**

Occasionally, Find the Children attends community health and safety fairs in the Los Angeles area. We may call upon our local volunteers to assist at these events by distributing literature and answering questions about our organization.

### **How join the volunteer program:**

In order to sign you up as one of our volunteers, one needs to complete the Volunteer Reference Form and Confidentiality Statement. ([Download application Here](#))

If you would like to receive a volunteer packet about our Volunteer Program or have any questions feel free to contact the Community Outreach Assistant at Find the Children at (310) 314-3213.
